MORE LUCKY MEN.

New Nominations Sent to the Senate.

IMPORTANT OFFICES FILLED.

Editor Morris of the Indianapolis Sentinel Goes as Consul General to Paris—Three Other Consuls Named—Who the Fortunate Men Are.

WASHINGTON, March 28.—The president yesterday sent the following nominations to the senate:

Justice—Felix A. Reeve of Tennessee to be solicitor of the treasury.

William H. Seaman of Wisconsin to be United States district judge for the eastern district of Wisconsin.

Albert B. Fall of New Mexico to be associate justice of the supreme court of the territory of New Mexico.

To be attorneys of the United States: George J. Denis of California for the southern district of California.

Joseph S. James of Georgia for the northern district of Georgia.

William T. Gary of Georgia for the southern district of Georgia.

To be marshals of the United States: Frank Leverett of Georgia for the southern district of Georgia.

James Blackburn of Kentucky for the district of Kentucky.

Thomas J. Allison of North Carolina for the western district of North Carolina.

Interior—Samuel T. Fisher of Massachusetts to be assistant commissioner of patents.

Robert E. Wilson of Mississippi to be register of the land office at Jackson, Mississippi.

Francis Estudillo of California to be agent for the Indians of the Mission Tale River (consolidated) agency in California.

State—Samuel E. Moss of Indiana to be consul general of the United States at Paris.

C. W. Chancellor of Maryland to be consul at Havre.

Allan B. Morse of Michigan to be consul at Glasgow.

George F. Parker of New York to be consul at Birmingham.

Treasury—Seaton Norman of Indiana to be an assistant surgeon in the marine hospital service.

Postmasters—Indiana: Henry C. Ulen, Lebanon; Samuel Harris, Franklin; Kentucky: Henry Melniolier, Versailles; Missouri: Oliver Wells, Marshallfield; Ohio: Thomas H. Crig, Athens; Lewis Green, Logan.

Felix A. Reeve of Tennessee, nominated to be solicitor of the treasury, has for several years filled the position of assistant solicitor and is in every way qualified to assume the duties of the high office with which he is thoroughly familiar. He is a lawyer and built up a large practice in Knoxville.

The nomination of Dr. C. W. Chancellor of Maryland to be consul to Havre, meets with the approbation of the people of Maryland. He is one of the very popular men of that state, and the present president of the state board of health, which office he held for a number of years. He is a scholar of great ability, and speaks German and French fluently.

W. H. Seaman of Wisconsin, nominated to be United States judge of the eastern district, is the personal friend of Senator Vilas, who speaks of him as one of the best lawyers of the state. He is about 50 years of age. He has been a resident of Sheboygan for 30 years and in the practice of law has acquired a comfortable independence.

S. E. Moss of Indiana, who was named as consul general to Paris, is well known throughout the west as the editor of the Indianapolis Sentinel. Mr. Moss has been suffering from nervous prostration for some weeks past and is now at Asheville.

Allen B. Morse of Michigan, who is nominated as consul at Glasgow, is a well-known figure in politics. He was a major in the United States army during the war, and lost a leg at Mission Ridge. In 1885 he was elected chief justice of the supreme court of the state. He received the Democratic nomination for governor of Michigan last fall.

George F. Parker of New York, nominated to be consul at Birmingham, was one of Mr. Cleveland's strong personal adherents during the last campaign. He is about 40 years of age, and has figured for years past in New York journalism.

The nomination of S. T. Fisher of Massachusetts, to be assistant commissioner of patents, is a promotion based on merit, for Mr. Fisher has made a creditable record for years past as principal examiner in the patent office.

BIG FIRE IN MONTREAL.

The Herald Office Burned For the Fourth Time in Its Existence.

MONTREAL, March 28.—Montreal was visited last night by another disastrous fire, and for the fourth time in its existence, The Daily Herald was completely burned out. The paper occupied offices in the old Zion church building on Beaver Hall hill since its previous offices on Victoria square were destroyed by fire a few years ago.

The second floor was occupied by the Benoit Lithographing company and Southern & Carry, printers. The fire originated in Southern & Carry's offices. The building was burned to the ground. The total loss will reach \$180,000; insurance about \$60,000.

John C. Eno Discharged.

NEW YORK, March 28.—Judge Wallace, in the United States court Monday, handed down an opinion in which he orders the discharge from custody of John C. Eno. He says Eno is not amenable to United States laws, and the state has no jurisdiction.

A MATRICIDE BREAKS PRISON.

He Commits Another Murder to Gain His Liberty.

JACKSON, Mich., March 28.—R. Irving Latimer, the Jackson matricide, is at liberty and is armed with a rifle. He escaped soon after 1 o'clock yesterday morning, after drugging George W. Haight, who had charge of the gate upstairs. Haight died at 3 a. m., as a result of the poison. Captain Gill, night keeper, is under arrest charged with being Latimer's accomplice.

Latimer tried to release the prisoners near his own cell, but failing, made his own escape by way of the front gate. He secured a rifle and a quantity of ammunition before going and will surely make a desperate resistance. Those who know him say there is not one chance in a thousand of ever taking him alive.

There is the most intense excitement and hundreds of men are searching the city and surrounding country. Telegrams have been sent all over the state and it seems impossible he can escape.

Latimer has for some time occupied the cell nearest the door to the guardroom, and it is stated that for some time he has been allowed certain privileges by Night Captain M. P. Gill not accorded to other convicts, and on several occasions lately he has been permitted to take luncheon with Captain Gill in the lower corridor. Just how he managed to administer the poison to Haight is not yet known.

Word has just reached here from a farmer at Horton, six miles south of here, that at 6 o'clock in the morning a man answering the description of Latimer called at his house, and asked for something to eat. He said he had been robbed of his own clothes by an escaped convict, and that he had made him don the prison pants he had on and gave him an overcoat, taking his own coat, vest and hat. The sheriff believes the clew authentic.

DARING BANK ROBBERS.

Two Desperadoes Secure Four Thousand Dollars and Make Their Escape.

COFFEYVILLE, Kan., March 28.—A daring bank robbery occurred at Caney, Kan., a small town eight miles south of here, yesterday afternoon. The bank robbed was the Caney Valley, the only institution of the kind in the place, and the robbers secured \$4,000.

Shortly after 4 o'clock two men who were recognized as the notorious Henry Starr and a man named Newcomb, entered the bank unmasked and covering the employees with their revolvers demanded all the money on hand. The employees complied and handed over all of the bank's cash, about \$4,000.

Nobody but the bank's employees were in the place, and as no one on the outside had noticed anything out of the way in their conduct, the bandits had nothing especially to fear. Placing the money in bags, with which they had provided themselves, and warning the employees that they would meet instant death should they give the alarm, the men backed from the bank, mounted their horses, and were soon on their way toward the Indian Territory.

When the alarm was finally given a posse of citizens was quickly organized and started in hot pursuit. Before the start could be made, however, the robbers had secured an advantage of fully 30 minutes, and it now seems improbable that they can be caught up with. Nothing has been heard from them since.

THE SPIRITS TOLD HER SO.

A Chicago Spook Artist Makes Startling Predictions.

CHICAGO, March 28.—According to Mrs. Sarah E. Brownell even the occult beings whose abiding place is the spirit land, are climbing into the band wagon and are strongly in favor of Carter H. Harrison for world's fair mayor.

Mrs. Brownell made some national and political prophecies at Armon hall, Lake and Wood streets, Sunday night. She informed a select circle of spiritualists that her guides had told her that Carter Harrison would be elected mayor by 40,000 majority.

Mrs. Brownell also prophesied that within the next three months seven men high in the councils of the nation would die; that there would be two bloody riots in Chicago before snow flies, and that two cyclones would smite down many in Chicago.

Railroad Bridge Burned.

MONMISTOWN, Ind., March 28.—Early yesterday morning the old wooden bridge over Blue creek, near here, burned. This town is 26 miles from Indianapolis and the bridge was used by the Cincinnati, Hamilton and Indianapolis railroad. The fire started from a spark from a passing locomotive, and before a sufficient force could be summoned the flames had gained the mastery, and the bridge was a total loss. The bridge was one of the oldest on this division of the road. Arrangements have been made for a transfer by connecting lines.

Minister Lincoln Not Reappointed.

WASHINGTON, March 28.—Secretary Gresham gave a very effective denial of a story that was current here last night to the effect that the president had reappointed Hon. Robert T. Lincoln minister to the court of St. James. He said that the president had not made the appointment. If Mr. Cleveland contemplated any such thing he had not spoken to him (the secretary) about it.

Fated to Find the Henesfeld.

SAN DIEGO, Cal., March 28.—The tug Fearless has reached this port, after a cruise of 5,000 miles in search of the burning ship Henesfeld, a coaler, from Liverpool for San Francisco. The cruise extended over 24 days. Strong gales were encountered nearly all of the time, and nothing was sighted from the time the tug left San Diego till it returned.

A FINANCIAL CRISIS.

One Reigns For a Day In Nashville.

A RUN ON THE VARIOUS BANKS.

Two of Them Go Down in the Crash, One Completely and the Other Temporarily Closed—It Is Believed That the Trouble Is Now Over and Confidence Will Soon Be Restored.

NASHVILLE, March 28.—The Bank of Commerce failed yesterday, while another bank, the Mechanics' Savings bank, fearing a run that it would not be able to meet, took advantage of a standing rule and required depositors to give 60 days' notice of withdrawal of deposits. It was a squally day in Nashville, and but for the fact that the banks had time between Saturday night and Monday morning to prepare themselves there might have been more trouble.

With the exception of the Bank of Commerce, however, all the Nashville banks are perfectly solvent, but of course do not keep enough money on hand to pay off all depositors on sudden demands. Since Saturday, however, the larger banks had secured from \$100,000 to \$500,000 each, and yesterday when the doors were opened great stacks of currency were piled up on the tellers' desks in plain view inside the vaults.

All the Nashville banks are located near College and Union streets and yesterday morning before 9 o'clock the pavements were crowded, mostly, however, by idlers. There were many people expecting to see a general run on all the banks, but in this they were disappointed. All the banks opened for business, except the Bank of Commerce, which, at 10 o'clock, posted a notice of assignment. This bank had about decided to make an assignment last week. Its statement is as follows:

Assets—Notes discounted, \$76,000; real estate and cash, \$21,700; total, \$97,700.

Liabilities—Capital stock paid in, \$27,500; deposits, savings account, \$14,000; deposits, special account, \$15,000; general deposits, \$19,000; profit and loss, \$32,200; total, \$97,700.

The fact that it had not opened its doors increased the nervous feeling to some extent, and the Mechanics' Savings bank directors decided that the best plan for them would be to require depositors to give 60 days' notice of withdrawal, as provided in their rules. They therefore announced that this would be enforced.

It is thought that the Mechanics' bank will resume business as usual in a day or two, as soon as the nervous feeling has been entirely abated. With very few exceptions the people who drew their money from the other banks were small depositors. Those having large accounts were satisfied of their safety, and interviews with all the leading bankers show that their friends have come to their rescue, and yesterday's deposits are in excess of what was drawn out.

At the American National bank a notice was displayed in the window that a dozen of the wealthiest men in Nashville, whose names were signed thereto, pledged their personal estates to secure the depositors. One of the signers to this was General W. H. Jackson, owner of Belle Mead.

The statement of the Commercial bank, which failed Saturday, was as follows:

Assets—Loans and discounts, \$1,600,000; cash and cash items, \$144,000; due from reserve agents, \$200,000; due from other banks, \$225,000; stocks, bonds and other securities, \$125,000; total, \$2,294,000.

Liabilities—Individual deposit, \$685,000; certificates of deposit, \$93,000; bank deposits, \$550,000; rediscounts, \$150,000; bills payable, \$200,000; total, \$1,678,000.

Capital stock, \$500,000; surplus, \$160,000; undivided profits, \$95,000; total, \$855,000.

Nature of Blackmail.

NEW YORK, March 28.—John E. Risley, the lawyer of this city who has been nominated by President Cleveland for the Danish mission, is quoted as declaring that the suit against him for an accounting of fees received by him in prosecuting certain claims as an associate of McDonald & Butler of Indianapolis, is of the nature of blackmail. He says that the late Senator McDonald gave him a release in full of all moneys received, and produces a letter from Mr. McDonald, dated April 16, 1887, apparently to that effect.

Steamer From a Runaway Engine.

PHILADELPHIA, March 28.—A special to The Press from Columbia says an unattached engine running at a high rate of speed ran into a lot of Italian workmen on the Pennsylvania railroad, near Glenman station. One of the men was thrown 50 feet and instantly killed and three others were badly injured. Two sustained probably fatal injuries.

A Church Twice Burned.

SCRANTON, Pa., March 28.—The Park Methodist church, partially destroyed by fire December last at a loss of \$100,000, and which was reconstructed, was burned yesterday. Nothing is left standing of the wall but the tower. The estimated loss is \$125,000, with insurance of but \$30,000. The fire is believed to have been of incendiary origin.

Family Poisoned on Foke Root.

HUNTINGTON, Ind., March 28.—The family of Michael Miller was poisoned by poke root that was mixed with horseradish by mistake, and the whole family of seven is likely to die. Some children dug the roots while after horseradish.

SENATE PROCEEDINGS.

Report Made on the Contested Senatorial Seats.

WASHINGTON, March 28.—The presenting of petitions at the present extraordinary session of the senate was stopped yesterday at the suggestion of Mr. German (Dem., Md.) and those petitions that may be received hereafter are to be filed with the secretary of the senate, to be presented at the next regular session.

A very positive denial was made by Mr. Call (Dem., Fla.) of a newspaper paragraph stating that he had been criticizing President Cleveland in the corridors and elevators of the Capitol in connection with appointments to office.

Mr. Call also made an argument against the constitutionality of the provision in the last legislative bill for a commission to examine into the executive departments.

Resolutions were offered by Mr. Chandler (Rep., N. H.) directing an inquiry into the operations of the immigration laws, and were laid over.

Majority reports were made by Mr. Hear (Rep., Mass.) in favor of admission to their seats of the three senators appointed by the governors of Montana, Wyoming and Washington. The minority reports, adverse to their rights to seats, are to be made today by Mr. Vance (Dem., N. C.). The resolution heretofore offered by Mr. Call (Dem., Fla.) declaring absolutely null and void the provision in the last legislative appropriation bill for the appointment, by the speaker and vice president of the last congress, of a commission of three senators and three representatives to examine into the service of the executive departments, but went over without action.

The senate then, on motion of Mr. Coke (Dem., Tex.), proceeded to executive business.

The senate, after the executive session, gave out the news that it had confirmed the nomination of Silas Lamon of Wisconsin to be commissioner of the general land office and of Horace H. Linton of Tennessee to be judge of the United States circuit court to succeed Associate Justice Jackson of the supreme court of the United States.

The senate also confirmed all the other nominations made up to date, including that of John E. Risley of New York to be United States minister to Denmark, against whom certain charges have been published concerning his connection during the war with the disloyal organization known as the Knights of the Golden Circle. The announcement of these confirmations, however, is held back from promulgation to the public under a rule requiring the executive sessions to elapse before announcement is made, whenever such a course is desired by any senator.

An effort was made to release for publication the recently ratified Russian extradition treaty, but the motion has not yet been finally passed upon. The question of reorganization was briefly touched upon, also without result.

REVOLUTIONISTS BEATEN.

Colonel Matta's Victory a Most Pronounced One—Bago Besieged.

VALPARAISO, March 28.—General Seravai's defeat by government troops near Alegre, Rio Grande do Sul, on Thursday was a greater blow to the Brazilian revolutionists than the early stories of the fight indicated. A dispatch from Rivera says that General Seravai was not only beaten, but that 3,000 of his men became the prisoners of Colonel Matta, the commander of the government troops.

The news from Bago is that General Tavaréz is entrenched outside the Castilista stronghold, and is shelling the town from the hills with several large siege guns. No general attack has been made upon the Castilista garrison.

Costa Rica's Good Wishes.

WASHINGTON, March 28.—Senator Don Manuel Marie Peralta of Costa Rica, the minister from that country to several of the European courts, called at the White House and performed the special mission for which he stops in this country, viz., to convey the congratulations and good wishes of the people of Costa Rica to President Cleveland. The speeches made by Senator Peralta and President Cleveland contained nothing more than expressions of cordiality and good will.

Choctaws Ready to Shoot.

PARIS, Tex., March 28.—The factional war in the Choctaw nation, engendered by the gubernatorial campaign of last summer, has broken out afresh and a collision between the factions seems unavoidable. Antlers, 42 miles north of here, presents the appearance of an armed camp. Armed bands of Indians are marching upon the town. Both factions are bitter and very determined.

Stock Burned.

MASON CITY, Ia., March 28.—Kirk Brothers' stock burns were burned last night together with a number of valuable horses. Among the animals destroyed were Storm, who held the 5-year-old stallion pacer record of the world; Brown John, Red Clay, Edmund and Remo. The loss on the horses alone is over \$100,000.

Oswald Ottendorfer Worse.

NEW YORK, March 28.—Mr. Oswald Ottendorfer, who has been sick since Sunday before last, and who was in a fair way of recovery last Friday and Saturday, had a relapse yesterday. While his physicians do not give up all hope of recovery, they consider the condition of the patient decidedly serious.

Miner Meets a Horrible Death.

HAZELTON, Pa., March 28.—John McGlynn, aged 18 years, met a horrible death at Pardee & Company's mines at Cranberry colliery, yesterday. He fell down the slope 250 feet. He was a prominent young man of this section.

CRISIS APPROACHING

The Great Labor Trial at Toledo Almost Ended.

ARGUMENTS ALL COMPLETED.

The Judge Has Not Yet Made His Decision on the Subject of the Lake Shore Strikers—Grand Master Sargent Dismissed—Chief Arthur's Trial—Other Labor Troubles.

TOLEDO, March 28.—Arguments were heard yesterday in the United States court for and against the conviction of the Lake Shore employees arrested for contempt of court. Attorney Potter of the Lake Shore opened the case for the prosecution. Attorney Souther opened for the defense, and the Hon. Frank Hurd followed with the principal arguments. Judge Green, general counsel for the Lake Shore, wound up the argument. Judge Ricks said he would render a decision in the case as soon as possible.

In the afternoon in the United States circuit court the injunction case in which Chief Arthur of the Brotherhood of Locomotive Engineers and Master Sergeant of the Brotherhood of Locomotive Firemen were sued for \$300,000 damages for conspiring against the Ann Arbor railroad came up for hearing.

T. W. Harper of Terre Haute, counsel for the Brotherhood of Locomotive Firemen, moved to dismiss the case as to Grand Master Sargent on the ground that the court had no jurisdiction over him, he being a resident of Indiana, and the interstate commerce law providing that a person shall not be sued unless he is a resident of the district where the suit is brought. The court thereupon dismissed Mr. Sargent and the case of Chief Arthur proceeded.

This was the first surprise in the great case. Mr. Sargent at once withdrew from the room. The judge intimated that the case against P. M. Arthur would be next considered. Mr. Smith, attorney for the Ann Arbor road, then read an affidavit from General Manager H. W. Ashley, embodying an agreement signed by G. W. Taylor, chairman of the Ann Arbor committee of engineers; J. B. Polard, chairman of the firemen's committee; Chiefs Arthur and Sargent, and Assistant Chief Youngson and President J. M. Ashley, stating that all would abide the decision which William Kirkby should make in the case.

Mr. Smith also read a telegram from Jasper W. Watson to General Manager Caniff that the laws of the Brotherhood of Locomotive Engineers would go into effect at 6 p. m. on March 17.

Further testimony was introduced to show that Mr. Arthur had ordered a boycott on the Ann Arbor freight in the shape of telegrams sent through the Western Union Telegraph company.

MINERS GO BACK TO WORK.

The Great Strike in the Monongahela Valley Declared Off.

PITTSBURGH, March 28.—The strike of 5,000 river coal miners in the Monongahela valley has been officially declared off. This was one of the greatest labor struggles on record. The aggregate loss is estimated at \$5,000,000. The operators wanted to pay 3 cents a bushel for digging, and the men demanded half a cent more. The strike began last July.

Many lives have been lost through insufficient food and exposure. One physician practicing among the miners said that inanition (weakness from loss of nourishment) would account for the deaths of most of the young children who have been buried from the striking miners' homes this winter. Some of the families have tasted no meat for months, and in the bitterest cold weather their children were housed in because they were not shod to go out.

All Went Out.

FALL RIVER, Mass., March 28.—About all of the employees of the new Hargraves mill are on a strike. The management has been endeavoring to adjust a difficulty about wages paid to weavers. The weavers did not receive all they asked, and a committee of three was sent to ask redress of the authorities. The committee was discharged and, when the news spread through the mill, about 250 employees in all departments quit work.

Big Strike in Boston.

BOSTON, March 28.—The results of the first day's strike among the carriage and wagon makers have made them very jubilant. Nearly 1,000 men went out yesterday in the various city manufacturing for a nine hour day, eight hours Saturday and 10 per cent on all piece work. Secretary Trousing, of the international union has been sent for to assume control.

Powderly in New York.

NEW YORK, March 28.—There was great excitement in labor circles last night when it was known that General Master Workman Powderly had come on from Philadelphia, and it was suspected that the labor troubles had brought him to the city. He made an indirect admission that he had come on to watch the developments of the clothing strike.

Mackay Almost Well.

SAN FRANCISCO, March 28.—Dr. Keeney said Monday that Mr. Mackay was quite well but would not leave his room this week. Quiet, rest and freedom from business would bring him around all right.

Lieutenant Duval, Fifth Artillery, will be appointed military aid to the secretary of war, to succeed Lieutenant Daphne, ordered to do duty in connection with the war department's world's fair exhibit.

WEATHER INDICATIONS.

Fair weather, easterly winds, warmer in western Ohio.

The Ripley Bazoo has completed its second year. It gets better as it grows older.

Nor quite a month has gone by since the Democrats took charge of affairs at Washington City, but it has been discovered that \$2,000,000 was paid out illegally for pensions by the late Republican administration.

Scioto County, Ohio, has over \$2,000 in its treasury with which to pay for sheep killed or injured by dogs. This fund is kept up by a tax on the dogs, and it is an excellent law. In Kentucky, the sheep-raiser has no protection.

A GREAT many papers published a sensational telegram last week stating that Rev. Sam Jones and the Rev. Dr. Dobbs, a Baptist minister at Cartersville, Ga., had had a row, and were going about the streets armed with pistols and looking for each other. It turns out that the report was a "fake" of the first water, just as all sensible people believed at the start. Mr. Jones was at Danville, Va., at the time when the correspondent had him parading the streets at Cartersville with a pistol in search of Mr. Dobbs.

JUDGING from the recent articles in the Chicago Herald and the Chicago Tribune, the district near the World's Fair is pretty well occupied with death traps in the shape of hotels. Just south of Jackson Park are 106 brick hotels, 34 wooden ones and 62 of stone and brick, erected solely for traffic of the coming six months. The stairways in these flimsy structures are narrow, the rooms small, many of them being without windows, making them death traps in case of fire. People who contemplate visiting the exposition will do well to exercise care in selecting a stopping place.

THE CITY CHARTER QUESTION.

The news from Frankfort is that the proposed charter for cities of the fourth class, a synopsis of which was published in THE BULLETIN some time ago, will very likely be passed by the Legislature. If such a charter were submitted to the people of this city for adoption, it would be overwhelmingly defeated. In the face of such a sentiment against the measure our citizens are manifesting an indifference in regard to the matter that is surprising. Perhaps they have reached the conclusion that it is useless to make any appeal to the present Legislature, and that it would simply be throwing away valuable time to get up any remonstrance against the passage of the bill. There is just this about it, if the people of Maysville want to take any steps to securing a charter that will be satisfactory to them, they will have to act pretty soon.

Miss Lelia Wheeler.

The many friends of this talented young lady will be gratified to learn of her success at Tuskegee, Ala., where she is teaching music. She gave a recital one night last week and the Tuskegee Reporter says the College Hall was crowded. Continuing, the Reporter adds: "Th's charming and talented singer once more gave proof of her exceptional artistic ability and power to please. Possessing a voice of rare beauty, she sang with that artistic finish which called forth loud applause from the delighted audience. Two very dainty songs were the opening and closing numbers. The difficult 'Staccato Polka,' rendered with brilliancy, and faultless in execution, was heartily applauded and 'The Last Rose of Summer' was sung most charmingly. The gem of the evening, however, was Schubert's 'Wanderer,' and in this the singer excelled all former renderings of this beautiful composition. By request of many of the audience, the Prison Scene from 'Trovatore,' which was given by Miss Wheeler and Mr. Gardiner in a former recital, was repeated, and here especially did these two singers' voices blend delightfully. It was superbly rendered."

The Ladies.

The pleasant effect and perfect safety with which ladies may use the California liquid laxative Syrup of Figs, under all conditions, make it their favorite remedy. To get the true and genuine article, look for the name of the California Fig Syrup Co., printed near the bottom of package.

The attention of stockmen is called to the advertisement of Darnall Brothers, of Flemingsburg. It will pay breeders to study Nutford's pedigree.

Geo. W. Sulser, law, fire insurance.

A Novel Sentence.

Two young colored boys were before Judge Jewell, of Lexington, Saturday charged with assault and battery. The mother of each boy was present, and, of course, each one said her child was not the aggressor. After the testimony was all in, the Judge looked over his eyeglasses in a most solemn and impressive manner, and announced this peculiar judgment:

"I will give you two women the choice of having your boys fined for assault and battery of each other or taking them to the station house and in my presence give them a good whipping."

The women being in strained financial circumstances quickly agreed to the latter proposition. A policeman provided a keen-lashed riding whip, and the party adjourned to the station house, where each boy was severely whipped by his mother. The Judge then dismissed them, and told them not to appear before him again on penalty of being sent to the work house.

Naval Rendezvous in Hampton Roads Harbor.

The Chesapeake and Ohio will sell excursion tickets to Norfolk or Old Point Comfort and return for special train leaving Cincinnati April 15, 1893, at 9 a. m., reaching destination about noon next day.

It was long ago said that the navies of the world could ride in safety in Hampton Roads harbor. The rendezvous April 17 will show that this is true, as representative vessels from the greatest nations of the world will meet there and go through many interesting maneuvers. This is something that will only be seen once in a life time. Tickets will be low enough for all to avail themselves of the opportunity. For further information, apply to C. and O. ticket agents.

County Court.

A report of the estate of Lucy Graham Terhune and Birdie Terhune was filed by Mrs. M. N. Terhune, their guardian.

O. N. Weaver and Powell B. Owens, Justices, and W. C. Pelham, Surveyor, were appointed a committee to go over the proposed route of the Two Lick turnpike, and report the benefits and advantages of said road to the public.

The ferry right at Anderson's ferry, opposite Ripley, was granted to H. C. Boughton, trustee, and he executed bond with W. H. Wadsworth, Jr., as surety. A list of rates to be charged was filed.

Real Estate Transfers.

S. D. Rigdon and wife to T. M. Dora, undivided half interest in 106 4-5 acres on Germantown and Lowell pike; consideration, \$1,000.

Ella L. Rhodes and husband to John Barry, 33 1/2 acres near Murphysville; consideration, \$812.50.

Democratic Committeemen.

The following additional returns from Saturday's meetings to select Democratic committeemen have been received: Germantown—L. H. Manuen. Fern Leaf—Jno. J. Thompson. East Mayslick—John Collopy. West Mayslick—Eldred M. Groves. Lewisburg—Pearce Calvert.

IRENE JACKSON and Belle Livingston, a couple of white girls from Louisville, were in the Mayor's Court this morning, and were taxed \$5.40 each on a charge of street walking. They were on their way to Manchester.

The Bradford Belting Company, of Cincinnati, has completed a belt 6 feet wide, 116 feet long and weighing 1800 pounds, which will be used on the machinery of an electric railway in Brooklyn, N. Y. It will revolve at the rate of a mile a minute, and is the largest belt ever manufactured in the world.

At the annual meeting of the Southern Fuel Company yesterday the following directors and officers were elected: Directors—Dr. John M. Frazer, G. S. Wall, T. A. Keith, Thomas Wells, Colonel Frank S. Owens, Thomas R. Phister and Daniel Perrine. President—Dr. John M. Frazer. Vice President—G. S. Wall. Secretary and Treasurer—W. W. Ball.

MR. WILL SUTHERLAND, formerly of this city, has been elected a Director and also Treasurer of the Esculapia Springs Company. The complete list of new officers is as follows: President—Charles M. Beach. Vice President—John Larkin. Secretary—W. H. Baldridge. Treasurer—William L. Sutherland. Directors—Colonel R. W. Nelson, Colonel George Washington, Isaac Winkler, John Larkin, W. H. Baldridge, Charles M. Beach, W. L. Sutherland.

THE Washington correspondent of the Louisville Commercial says: "Senator Wall, of Maysville, said to your correspondent Friday: 'I am one of a few Kentuckians who didn't come after an office, and who don't want one, but I came to help a friend who does want an office. I go home without any idea whether my friend will succeed or not; in fact, Secretary Carlisle, with whom I had two or three pleasant visits, told me that the rush of office-seekers and visitors has been so great so far that the President has had no time to consult with his Cabinet about offices or to consider the cases of applicants for them, and that it was yet too soon to expect any definite information on the subject.'"

Notice.

THE MARKETS.

CINCINNATI TOBACCO MARKET.

The offerings the past week were comparatively light and the receipts also very small, and there is shown a reduction in stock of 287 hhds. A fairly satisfactory week, a firm market prevailing without change of note. Sales have been generally accepted, prices as a rule giving satisfaction. For new common grades and lugs the demand was active and prices on these are high; medium and common leaf were in active request, prices ruling being generally accepted. The same can be said of good leaf.

The market on old tobaccos continues firm at last week's quotations. The main portion of the offerings are composed of common to medium leaf, as the stock on hand consists principally of these grades, there being comparatively a light supply of fine and choice leaf and most all of the low grades having been sold at the high prices that prevailed for them last year.

Of the 780 hhds new #1 sold from \$1 to \$3.95, 126 from \$1 to \$5.95, 188 from \$5 to \$7.95, 177 from \$8 to \$9.95, 218 from \$10 to \$14.75 and 40 from \$15 to \$17.75.

Of the 570 hhds old #1 sold from \$1 to \$3.95, 5 from \$4.25 to \$5.95, 15 from \$6.25 to \$7.95, 12 from \$8 to \$9.95, 455 from \$10 to \$14.75, 77 from \$15 to \$19 and 3 from \$20 to \$21.

MASON COUNTY.

A Handsome Exhibit Should be Sent to the World's Fair.

Let the Matter be Attended to at Once--Commissioner Smith Urges Prompt Action.

A car will be loaded at Lexington about the first of April with agricultural products of the bluegrass district to be taken to Chicago and placed with the Kentucky exhibit at the World's Fair. It is desired that this county's past reputation for rich agricultural products be maintained by a representative exhibit at Chicago, and to this end all interested in this matter are requested to forward by April 1, if possible, to Wilbur R. Smith, Commissioner, Lexington, Ky., one or more of the following products:

Tobacco--Twenty plants on the stalk, or ten hands.

Corn--Twenty ears of each variety only partially shucked.

Wheat, oats, rye, barley and buckwheat--One peck of each variety, securely tied up in small domestic bags, and tagged with name and locality of producer, and as nearly as possible, date of planting, quantity of seed planted to acre, date of harvesting, yield per acre, weight, and any other interesting data.

Clover seed, flax seed, and all kinds of grass and vegetable seeds--One-half gallon of each variety tied up and tagged as above.

All exhibits in the agricultural department will be made by the Board of Managers, but the individuality of each producer will be preserved by the installation of official tags, giving name, locality, and any other matters of special interest connected with each exhibit. Suitable cases, jars, etc., will be provided, and everything made to appear at its best.

These exhibits will be taken to Chicago and cared for at the Exposition without any expense whatever to the exhibitor, and the expressage on all articles shipped to Lexington will be paid by Professor Smith. We earnestly hope that each and every resident of this county will take a personal interest in this matter and do all in his power to make our exhibit the banner one of the State.

Professor Smith earnestly urges that each and every school and college in this county should forward by April 5th, to "World's Fair Office," Louisville, Ky., specimen work of scholars, prize examination papers, photographs of school buildings, teachers and students, and any other matters that will be of aid and interest in exhibiting the educational interests of the Commonwealth.

New wall paper at Kackley & Co.'s. Window shades to order. A full supply also of building and carpet paper. Agents for the Victor bicycle. See advertisement.

MESSRS. N. S. SUT and Elza Peyton, of Sardis, left Monday for St. Louis to effect a settlement with the railroad company for the killing of Robert Tarleton and the injuries received by Mr. Peyton last fall. Tarleton lost his life and Mr. Peyton was seriously injured in a wreck at Greeley, Kansas, caused by the negligence of the train hands.

MRS. MINNIE PEDDICORD, of Mt. Oreb, Brown County, has filed suit at Georgetown for a divorce from her husband, R. C. Peddicord. They were married on the 20th day of November last year, and their marriage attracted considerable attention from the fact that the groom was seventy-four years of age and the bride something like nineteen. The lady in the case sets up in her petition that she is the victim of harsh and indifferent treatment, the harsh treatment consisting of the defendant's refusal to allow her to visit among her neighbors and friends and also his refusal to eat viands prepared by her hands, alleging that he was afraid she would poison him.

ON TRIAL FOR MURDER.
A Peculiar Tragedy Being Investigated by the Indianapolis Courts.
INDIANAPOLIS, March 28.—Leonidas McClure, a young man just over age, is on trial in the criminal court for the murder of his wife. On New Year's eve McClure went to his home and found his wife absent. She was at her brother's house, which was next door. McClure, the prosecution will attempt to show, went to his wife and ordered her to go home.
Her brother, Phillip Bryan, then asked McClure to explain some of his conduct on Christmas. It is claimed that McClure boasted that he could lick the whole Bryan tribe and then assaulted Phillip. Mrs. McClure came between the men at the instant her husband drew a revolver. She attempted to prevent him from shooting and in the struggle the revolver was discharged and Mrs. McClure fell to the floor mortally wounded. She died the next day. She was 17 years of age.

MYSTERIOUS SUICIDE.
A Chicago Publisher Cuts His Throat Under Remarkable Circumstances.
CHICAGO, March 28.—Horace C. Donoghue, a well known publisher, committed suicide under remarkable circumstances yesterday. While he was standing before his dressing case his wife took up a newspaper and commenced reading about Elliott F. Shepard's death in New York.
Suddenly she heard her husband fall with a peculiar gurgling sound, and rushing to his side found that he had cut his throat from ear to ear with a razor. The cause of the suicide is a mystery. Mr. Donoghue leaves a large estate.

An Old Soldier White Capped.
KINGWOOD, W. V., March 28.—At Terra Alta, this county, White Caps administered to Louis Mason, an old soldier, a sound flogging. Mason has a wife and family at Grafton, but lately has allowed his family to shift for themselves while he loitered around his mother's, where it is alleged the charms of another woman attracted him. In order to get this woman into the family he got his half-witted brother to marry her, and since the ceremony, it is said, Mason has been the constant companion of his brother's wife.

Found Dead by the Throat.
BUDA PEST, March 28.—The body of Baron Louis Kallay, a conspicuous Hungarian politician, was found Monday in the River Theiss, near Zanta. His skull had been fractured by repeated blows with a metal instrument. His clothes had been torn in a struggle, and his face was cut.

SOUTH RIPLEY.

Mr. Harry Richardson and brother, Joseph, of Jersey Ridge, furnished the splendid music at the entertainment given by Miss Jennie Pigg, one evening the past week at her home here. The affair was one of the most successful and enjoyable of the season, and as the happy circle separated it was the unanimous decision that it was an "evening long to be remembered." The young ladies were all beautifully attired in evening costume. Refreshments were served at 11 o'clock, and after a half hour's conversation the friends made their adieu unwillingly, and separated for their different homes.

There was a man in our town,
And he was wondrous wise;
He never jumped on any one
Who wasn't small of size.
And when he jumped a little man
And found him spry and tough,
He took no chances on results,
But quickly hollered "Nuff!"

ONE ENJOYS

Both the method and results when Syrup of Figs is taken; it is pleasant and refreshing to the taste, and acts gently yet promptly on the Kidneys, Liver and Bowels, cleanses the system effectually, dispels colds, headaches and fevers and cures habitual constipation. Syrup of Figs is the only remedy of its kind ever produced, pleasing to the taste and acceptable to the stomach, prompt in its action and truly beneficial in its effects, prepared only from the most healthy and agreeable substances, its many excellent qualities commend it to all and have made it the most popular remedy known.

Syrup of Figs is for sale in 50c and \$1 bottles by all leading druggists. Any reliable druggist who may not have it on hand will procure it promptly for any one who wishes to try it. Do not accept any substitute.

DAILY BULLETIN:

You know how it is yourself. Doesn't this picture bring up the good days of your youth? How we did enjoy the turkey mother roasted! Well, let us be thankful for the rare blessings vouchsafed us to-day, and with more mature judgment HENRY ORT proposes your good health and invites your attention to the proverb,

"Enough

Is as Good as a Feast."

But at the same time he invites your attention to his stock of goods, such as

WORK FOR US

a few days, and you will be startled at the unexpected success that will reward your efforts. We positively have the best business to offer an agent that can be found on the face of this earth. \$45.00 profit on \$75.00 worth of business is being easily and honorably made by and paid to hundreds of men, women, boys, and girls in our employ. You can make money later at work for us than you have any idea of. The business is so easy to learn, and instructions so simple and plain, that all succeed from the start. Those who take hold of the business reap the advantage that arises from the sound reputation of one of the oldest, most successful, and largest publishing houses in America. Secure for yourself the profits that the business so readily and handsomely yields. All beginners succeed grandly, and more than realize their greatest expectations. Those who try it find exactly as we tell them. There is plenty of room for a few more workers, and we urge them to begin at once. If you are already employed, but have a few spare moments, and wish to use them to advantage, then write us at once (for this is your grand opportunity), and receive full particulars by return mail.
